**Arriving by air:**

The airport is located just three kilometres from the Düsseldorf Trade Fair Center. You can reach the fairgrounds in a matter of minutes by taking the no. 896 bus or a taxi.

**Train, bus, tram (use included in admission ticket to the event):**

Travelling by bus and tram is an easy and relaxed way to get to the venue. The [Rheinbahn public transport network](#) covers 1,400 km, reaching virtually every corner of the city.

Both the U78 and U79 subway tram lines and the no. 722 bus will get you to the fairgrounds. The U78 line stops at our East and North Entrances, with the U79 also stopping at the East Entrance. If you'd like to reach the North Entrance or LTU Arena, you will need to switch to the U78 from here. At the "Messe Ost" stop, you can switch to the no. 722 bus, which stops directly in front of the administration buildings as well as at the South Entrance.

**Car:**

Addresses for car navigation system:  
D-40474 Düsseldorf, Stockumer Höfe

North Rhine-Westphalia has a closely-woven autobahn network where almost all routes lead to Düsseldorf - and the Trade Fair Center. You can't really go wrong - especially as Messe Düsseldorf ist clearly signed wherever you look. Just follow the marked routes and in no time you'll reach the two main car parks (P1 and P2). From there it's just a short (and free) shuttle-bus ride to the entrances.
