Trade Fair Stand

B 12

We are planning the erection

- of a multi-storey stand
 of the following special stand superstructure

and request approval for this construction project following checking by an engineer for construction statics.

The "Technical Guidelines" are to be observed and represent a component of taking part in the trade fair. Meaningful documents such as groundplan, view and cross-section drawings, construction and operating descriptions, **checkable static proofs** and construction drawings must have been received by Messe Düsseldorf not later than 6 weeks prior to commencement of the erection period. These documents must be submitted in **duplicate** and be in the **German language**. For documents submitted belatedly a surcharge will be charged.

Clarification on the checking and approval processes for multi-storey trade fair stand as well as special superstructures and devices on stands. In order to ensure the safety to traffic on the trade fair grounds, the construction and operation of multi-storey trade fair stands as well as of special superstructures and devices on stands as described in more detail under Para 4.2.1 of the Technical Guidelines can only be approved following checking, construction supervision and acceptance by an engineer for construction statics appointed by the Messe management. Charges for checks shall be borne in every case by the exhibitor. The basis for all stand structures is the NW construction order in its particular valid version.
