Scan2Lead – the modern visitor scanner solution for exhibitors

Deadline
08/01/16
23/06/16

B 97
GB
2016

Hall / Stand Number

Scan2Lead

Scan2Lead offers you, as an exhibitor, a series of customised solutions for scanning visitors at your stand. At the press of a button, you obtain the visitor's data, provided this has already been recorded during registration. You know immediately who you are dealing with and can save further important lead information about the person. Irrespective of your choice of scanning device, **all scanned visitor data will be centralised in your personal Scan2Lead-Webportal**. From here, the data can be transferred easily to your CRM or other marketing systems and used further.

To connect your own systems an interface is available upon request (see Item No. 4.)

	Scan service/Product type	Description/Area of use	Price in € plus VAT	Number
1a		Scan2Lead-Smart – the solution for your smartphones (iPhone and Android). Just hold the camera of your smartphone to the bar code of the visitor pass and the visitor data will be displayed immediately. Meeting notes and freely definable areas of interest can be added comfortably. Perfect for almost all scenarios – suitable for up to several hundred visitors per day.	149.–	
1b		as above under 1a, but including a hired tablet for the entire duration of the exhibition	299.–	
2		Scan2Lead-Collect – the solution for the simple collecting of visitor data. With the small scanner, hundreds of visitors can be scanned highly efficiently. The solution is ideal if you do not initially have to record additional information of the visitor. At the same time, the very simple operation and the high mobility are at the forefront.	299.–	
3a		Scan2Lead-Station – the solution for your stand counter. With this product, you acquire a license for a notebook solution plus a connectable scanner pistol. This can be used to record all visitors entering your stand. The list of the last 25 visitors is displayed continuously.	299.–	
3b		as above under 3a, but including a hired notebook for the entire duration of the exhibition	399.–	
4		Interface / API for connections to individual solutions or CRM systems. For further information please email us at customer.service@scan2lead.com	Price on request	

Individual solutions are also possible.
For further information, please email us at customer.service@scan2lead.com
