Waste Disposal · Important Information · Recyclable Materials

In accordance with current regulations, hospitality waste and other waste materials (excluding productions waste), which accumulate at stand during the trade fair, must be sorted and collected separately as follows: plastics, paper, glass and other mixed waste.

The current legal regulations require that waste (with the exception of production waste) generated at exhibitors stands during the fair must be sorted by material (plastics, paper, glass and other mixed waste), keeping the different types of material separate. If you do not wish to handle the disposal of your waste yourself you can order our waste disposal services by filling out the appropriate items below. At the beginning of the fair you will then be provided with waste collection bags in four different colours (green = glass, blue = paper, yellow = plastics, grey = mixed waste) which are supplied in packages containing 24 bags each. You should then sort your waste by material and place it in the appropriate bags, which will be collected every evening after the fair closes.

Pickup of other waste disposal bags left at your stand or in the corridor aisle in front of the stand will be charged extra by Messe Düsseldorf.

A	Waste Disposal Bags Delivery incl. evening collection Sets of 24 bags, 40 litre capacity, in 4 colours	EUR 20.00 / Set	No. of sets
B	Waste Disposal Bags Delivery incl. evening collection Sets of 24 bags, 90 litre capacity, in 4 colours	EUR 34.50 / Set	No. of sets
